

**Listing ID: 2399**

**Company Name: SP Furniture**

**Showroom Description:**

**Simplicity and elegance are driving factors in the contemporary furniture I produce. I get equally excited about the actual making process as I do about the initial design.  
<br/><br/>I also believe in the honest use of materials. Why stain a beautiful piece of wood to look like something else? Pigmented lacquers are for mass produced furniture, not for fine furniture. I prefer to draw upon the timbers' natural colours, tones and textures and use them like a palette to best present the form I am creating.**

**Physical Address: 3 Pritchard Street O Connor**

**Country: Australia**

**State: WA**
